RE: BPA Free/ FDA Letter of Guarantee

To Our Valued Customer:

All products produced by Revere Packaging are produced with raw materials sourced from suppliers that maintain FDA guideline practices and procedures. All internal additives and topical agents are formulated from FDA approved substances and do not exceed levels designated by the FDA as unfit for food contact.

All materials used by Revere Packaging conform to one or more of the following U.S. Food and Drug Administration Code of Federal Regulations (CFR) Title 21; CFR 177.1630, CFR 177.1640, or CFR 177.1315 for food contact and are maintained through good manufacturing practices (GMP's) which are validated through annual food safety audits conducted by NSF International.

All raw materials used by Revere Packaging are not made with and do not contain Bisphenol A nor is it component added during our manufacturing process.

Revere Packaging certifies that all items produced for food packaging complies with FDA procedures and practices for use in food packaging.

Sincerely,

A handwritten signature in black ink that reads "Nate Noel". The signature is written in a cursive style with a large, looped "N" and "O".
