INSULATED BAGS AND RACK COVERS

Bags and Rack Covers are made from high duty, high density insulating foam and a tough nylon outer shell. All bags come with standard flip top lid, reliable velcro closure or zips and straps that can wrap under the bag.

Bags are available in an assortment of colors:
Royal Blue, Navy Blue, Forest Green, Black and Red.

We also offer **PLATPORT+** This is a heavier duty line of materials with double and triple stitching, extra reinforcement and insulation.

Special Orders: zipper closures, custom screen print and insulated rack covers.

*Aluminum Plates can be heated up to 350 F (for 30 minutes) and used as a heat source when placed in the base of each bag. The plates acts as a heat source to keep products hot.
