DUAL DEPOSITOR SERIES

Double your production. Produce on dual lane systems

PPG has the perfect depositors for dual lane production systems. Based on the world's best depositors, the Dual depositors allow you to produce more in less time.

The Dual Depositor Series is available in 3 options:

- Dual Compact
- Dual PRO 1000i
- Dual PRO 2000i

Benefits:

- Accurate portion control from each port
- Tool free, quick cleaning and change-over design
- Less parts to setup, clean and maintain compared to using two separate depositors
- Only one hopper to fill
- Independent depositors with individual speed and volume controls
- Independent depositor signaling depending on application

Features:

- Height adjustable, heavy duty stainless steel frame options
- Can be fitted with over 100 PPG nozzles and accessories
- Fully wash down. All food contact parts are dishwasher safe
- Foot operated starter switch (step once for single deposit or hold down for repeated deposit)
- Rectangular hopper, 15 US gallon (57 liter), with option to divide for split product depositing

System Includes:

- Foot pedal
- Quick start guide
- Spare parts kit *Nozzles sold separately*

DUAL DEPOSITOR SERIES

Double your production. Produce on dual lane systems

Custom Low Level version

Individual deposit size and deposit speed adjustments

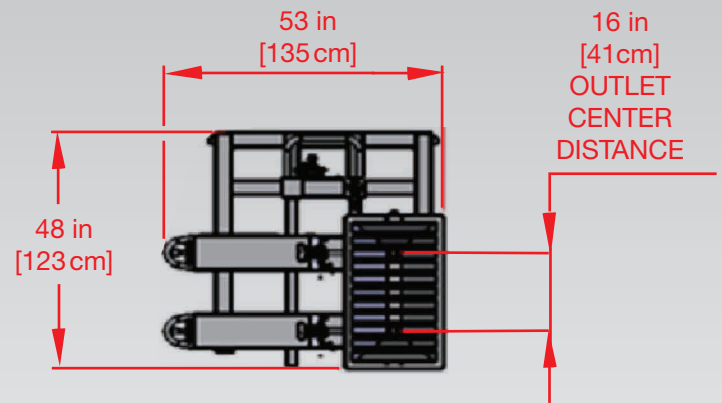

Custom hopper with stirrers

Ideal for integration dual lane tray sealing and form-fill lines
